

Kompis

At Liljeforsskolan we work with something we call Kompis (Friend). Kompis is about working with various forms of social- and moral values exercises in the classes. In every class in our school, we work with these topics on a regular basis once a week.

Helena Ek and Nehad Sammar have a little extra responsibility for Kompis and the work against discrimination and violations at Liljeforsskolan. They support Kompis and our students both by working with whole groups of students and individually. They also work with investigating and taking action in cases where violations may have occurred. In some cases, they will also have contact with you parents.

Helena works primarily with the younger students; förskoleklass – 3rd grade, and Nehad works with students in the 4th and 5th grade.

Helena and Nehad are out on the school playground on most of the breaks the students have.

At Liljeforsskolan there is also a supportgroup; Stödgruppen, which deals with issues of violations and discrimination. Our principal has the overall responsibility concerning these issues.

If you want to know more, you are welcome to contact Helena and Nehad:
